

HOLIDAY FACTS

*Norwegian scientists have hypothesized that Rudolph's red nose is probably the result of a parasitic infection of his respiratory system.

The Germans made the first artificial Christmas trees out of dyed goose feathers.

Each year more than 3 billion Christmas cards are sent in the U.S. alone.

Each year there are approximately 20,000 "Rent-a-Santas" across the United States

According to data analyzed from Facebook posts, two weeks before Christmas is one of the two most popular times for couples to break up. However, Christmas Day is the least favorite day for breakups.
